FIG. 1 is a perspective view of a circular, multi-layered structure, likely a lens or a filter. The structure consists of several concentric rings. The outermost ring is labeled 18. Inside this ring, there are radial supports or ribs, one of which is labeled 28. The innermost part of the structure is a central circular element, which is labeled 48. The structure is shown in a perspective view, highlighting its three-dimensional nature.

Fig 13

FIG. 1 is a perspective view of a circular, multi-layered structure, likely a turbine or compressor assembly. It features a central hub with radial vanes, surrounded by concentric rings. A label '28' points to the outermost ring, and a label '48' points to the innermost ring.
